About Organization

“Matsyodari Shikshan Sanstha” is reputed name in Marathwada region in the field of education. **Adv. Ankushraoji Tope**, EX. M.P. & founder president of Sanstha devotedly entered in this field and formed a cluster of educational institutions all over Jalna district. Last 30 years have seen a wide spread growth of schools and Colleges all across the district having the students from the rural areas are taking education in close proximity situated schools and colleges of their homes. Sanstha is running various schools at various locations in Jalna district. Sanstha is also running Junior, senior colleges, B.Ed., B.P. Ed. Colleges, Law College, Sainiki School and many more. A team of committed and qualified staff has maintained the quality education with student performance well above the standard. We are proud to mention that our Sanstha is awarded as "Adarsh Shikshan Sanstha" by Government of Maharashtra in the year of 2003-2004.

Objective of the Institute

The aim of our institute is to develop young technocrats with human values and social responsibilities. We believe that an engineering graduate from the institute is our product. We take every care to make it a reliable and quality product, who can import everything that is gained here for the development of the industry and society as well.

We provide excellent teaching and good industrial exposure which helps a lot to understand basic engineering concepts and its

implementation. We are very happy that the graduates from our institute are holding very good technical and managerial position in industries.

We are sure that the students passing from our institute will be very competitive and can achieve every success in their life.

Our vision

- "Creating intelligent engineers with high human values by providing an atmosphere where the values of life would be voluntarily acceptable by all with academic excellence."
- The management and faculty commit themselves to their pursuit of excellence in technical education through dissemination of knowledge, development and technical skills.
- The engineering college is running with enthusiasm under the eminent guidance of secretary of Sanstha, an engineer, Hon'ble **Shri Rajesh Tope**, Ex Minister of Higher and Technical Education, Govt. of Maharashtra.

Our Mission

- To impact high-tech education by carving competent engineers imbued with the spirit of professionalism and responsible citizenship in a competitive global environment.
- The first engineering college in the district has been started to help the economically backward students to make career in engineering fields at affordable fee. The institute has been started with social vision to develop the rural masses.

About Workshop

The program is designed to cater the needs of faculty members, post graduate students and research scholars. Now a day's MATLAB is a

need of every engineering fields. Objective behind organizing this workshop is to provide hand on practice over the MATLAB tool. Core concentration of the workshop is Digital Signal Processing, Image Processing, Neural Network, Communication System, RF Toolbox & Simulink and applications related to most recent topics with hardware interfacing.
